

The Pathways Educational Conference invites you to partner with us for a premier two-day event at Cuyahoga Valley Christian Academy on **February 11–12, 2027**. Built on the vision of “Education by Teachers for Teachers,” Pathways evolved from an internal program into a regional gathering that welcomed over 400 educators in 2026. This year, we are thrilled to expand nationally, bringing together CESA and ACSI schools alongside Christian college partners for a dynamic gathering of educators and leaders.

Focused on the theme “**As You Go**,” the 2027 conference will equip teachers with a fresh vision for turning routine classroom, hallway, and extracurricular moments into powerful, grace-filled discipleship. Christian educators will

be encouraged in both their technical craft and their spiritual calling. Featuring an opening night concert, dynamic keynotes, hands-on breakout sessions, and intentional networking, **this event offers sponsors a direct connection to a vibrant, highly engaged community of Christian school leaders and teachers.**

“This was, without a doubt, **the most impactful Professional Development conference I’ve ever attended.** Every speaker and session gave me practical tools I can put straight to work in my classroom. The whole day was such a blessing to my teacher heart and my personal life!” – 2026 Conference Attendee
