

2022 COURSE AND TRIP OFFERINGS

Welcome to March Term 2022 (March 21-25, 2022)!

Our January and March term sessions (Jterm and Mterm) increase opportunities for learning and exploration that challenge our students in areas of interest and also encourage deeper faculty-student relationships through enrichment electives, educational travel, service, mission trips, and Career Experience Opportunities.

The **Middle School Mterm** program (grades 6-8) is designed to cultivate spiritual, educational, and personal growth in each student. Each middle school grade participates in a unified Mterm experience allowing students a unique and developmentally appropriate time of experiential learning and class bonding. **Middle school students are automatically enrolled in their Mterm.** More detailed packets and information for *Excelerate* (6th grade), *Elevate* (7th grade) and *Prepare to Believe* (8th grade) will be forthcoming from the leaders of these experiences.

Participation in Mterm is a graduation requirement for all students in grades 9-12. High school students must enroll in one of the following options:

- an AM (morning) and PM (afternoon) class session
- All-day class
- Career Experience Opportunity (grades 11-12)
- Trip

Mterm registration, for high school students, opens on Sunday afternoon, **August 29, 2021, through Tuesday, September 7, 2021.** Registration is completed online. Parents will receive a text alert on **Sunday, 8/29/21**, notifying them to check email for an important Mterm notification. Access to the online registration starts with seniors, followed by students in grades 9-11.

For students selecting an Mterm trip, a non-refundable deposit of \$175 is required at the time of registration. The balance of the trips will be split into 3 payments, due 9/30/2021, 11/23/2021, and 1/31/2022. Due to planning commitments, families are responsible for the full cost of trips for which a student is registered after September 30, 2021. Biblical Manhood - PM

Number of students: 24; Cost: \$30

The objective of the course is to discuss and study the topic of Biblical Manhood, comparing and contrasting what the world and what the Bible has to say about manhood. The focus will be to answer the question: "What does it mean to be a man?" The course will provide timeless truths and practical insights on how we can live to be the men God intended for us to be. To develop men who are committed to follow the courageous footsteps of Jesus into authentic manhood; men who will reject passivity, accept responsibility, lead courageously and expect the greater reward (invest eternally). The book from which those 4 cornerstones of manhood come from is, *Raising a Modern-Day Knight*, by author-pastor Robert Lewis; he shares a unique approach to shaping a boy into a man by equipping him with three essential elements: a vision, a code of conduct, and a cause (Christianity) in which to invest his life.

How do children's books appeal to children, stretch children's thinking, help them process difficult events and concepts, and engage them through illustration? How many words per page, statements, questions, or pictures are appropriate for the age of a young reader? What sorts of books stay in a child's memory as he or she matures?
