ACT AND SAT FREQUENTLY ASKED QUESTIONS

1. When should I take the ACT or SAT?

Each student should take both the SAT and ACT during the first semester of the junior year. After taking both tests, a student can then focus on improving their score on the test with which they feel most comfortable. Students can continue to take both tests throughout their junior year and the fall of their senior year to improve their scores.

Suggested Timeline for taking ACT/SAT:

- Take both your first ACT and SAT during the fall of your junior year (or end of your sophomore year).
- Decide which test you did better on or that you want to focus on.
- Take your second ACT or SAT during the spring of your junior year.
- Take your third ACT or SAT during the summer/fall of your senior year - watch college application/scholarship deadlines.
- When registering, list colleges of interest so that your scores will be sent directly to the schools. You may send scores later for an additional fee.
- Take the ACT and SAT well before college application deadlines: Early Action is usually November 1, and Regular Decision is January 1 of your senior year.

2. Which test should I take?

At CVCA, students are required to take the ACT at least once prior to graduation. Juniors will have an opportunity to take the ACT on campus, free of charge, on March 15. Students are encouraged to take the ACT more than once to optimize their scores (and learning) through this testing opportunity.

Students should consider taking the SAT as well, as some CVCA students have performed better (comparatively) on the SAT than the ACT. After taking both tests, a student is encouraged to retake the test on which they performed better, maximizing their opportunity to earn their highest score.

- All colleges will accept scores from both tests and do not prefer one test over the other.
- Increasing your score can improve your college acceptances and scholarship potential.
